Capability Statement

About Us

INSI Cloud Inc. was established in 2015 and has grown to become a nationwide provider of consulting services, cyber security, AI and ML technologies, business applications, IT asset management , hardware and software support to federal, state, and local governments.

In addition to being a SBA-certified 8(a) small business, we have also obtained both International Organization for Standardization (ISO) 9001:2015 and ISO 27001:2013 certifications. We also hold CMMI SVC/3 and CMMI DEV/3 certifications. We have a long history of successful projects and satisfied customers. Our team is committed to providing the highest quality of service and delivering the best possible results. Our commitment to excellence is evident in our ISO and CMMI processes. We strive to exceed expectations and provide our clients with the best possible service. We are proud of our team and our commitment to excellence, and are confident that our experience and dedication to customer service will ensure successful projects and satisfied customers.
